THE IMPERIAL TEAS GROUP

Founded in 1994 by a team of dedicated individuals with the drive and vision for international success, the Imperial Teas Group has made its mark on the global tea landscape. An established brand presence in over 50 countries worldwide including major regions such as Russia, Middle East and Europe and a steady position in the Top Tea Exporters of Sri Lanka have been two major strengths of the company throughout its 30 years in business.

Originating from an island to this date known as the Pearl of the Indian Ocean, also formerly known as Ceylon and now called Sri Lanka, Imperial Teas has grown leaps and bounds. Its unique branding and product offering caters to a wide range of customers in the premium, upper-middle and economy segments. The company has over 1000 SKU's in the form of original teas or blends, value added packaging and tailor-made blends (packaged or in tea bags) to suit various market needs.

The Imperial Teas Group is now a diversified Group of companies with an annual turnover of approximately USD 50 million. In addition to the Head office situated in Sri Lanka the company also has branch offices in Australia, Russia and Poland, a subsidiary in Kenya and a joint venture in China.

The Imperial Teas Group is now a diversified Group of companies with an annual turnover of approximately USD 50 million. In addition to the Head office situated in Sri Lanka the company also has branch offices in Australia, Russia, Poland and a subsidiary in Kenya.

Our tea bagging facility is able to manufacture tea bags of all types; double chamber, single chamber and pyramid with or without string and tag as well as staple free tea bags and our packeting facility is fully automated.

Our blending, packeting and tea bagging operations are carried out under the direct supervision of trained staff and conform to internationally accepted and recognized quality systems of manufacture.

The company is certified with GMP, HACCP, ISO 22000 (2005), FSSC 22000, ISO 14001 (2015), USDA Organic (EU, NOP, JAS) and Rainforest Alliance.

Since the year 2000, Imperial Tea Exports have won over 64 National and International Awards for excellence in tea exports including the “Most Outstanding Exporter” award for 3 times and Best Brand Exporter – Gold Award 11 times.

IMPERIAL QUALITY & FOOD SAFETY POLICY

We, at Imperial Teas Group are committed to satisfy our customers with hygienically packed teas of the specific quality, at affordable prices and at agreed delivery times.

In achieving this, we take every necessary step to fully comply with the quality & food safety requirements of our customers as well as any applicable statutory and regulatory requirements. This is intended to meet our obligations to produce safe and legal products with full responsibility for our customers.

BLACK TEA & GREEN TEA

Ceylon black tea and Ceylon green tea both originate from Sri Lanka and reflect the island's rich tea heritage.

Ceylon Black Tea: Grown in Sri Lanka's high-altitude plantations, it is known for its robust, distinct flavor. It is versatile, enjoyed plain or with milk and sugar, and used in various blends. This tea is appreciated for its bright flavor and potential health benefits, including antioxidant properties that may help reduce inflammation and protect against diseases like heart disease and cancer. Its unique taste is influenced by the island's cool temperatures and well-drained soil.

Ceylon Green Tea: Made from hand-plucked leaves with minimal oxidation, this tea maintains a green color and delicate, fresh flavor with grassy and floral notes. It is favored for its health benefits, including high antioxidant content. Whether enjoyed hot or cold, Ceylon green tea offers a refreshing and soothing experience, showcasing the natural beauty of Sri Lanka's tea gardens.

BLACK TEA & GREEN TEA

Pure Ceylon flavored tea bags are a popular type of tea that combines the unique flavor of Ceylon tea with natural flavors and aromas. Ceylon tea is grown and produced in Sri Lanka, formerly known as Ceylon, and is renowned for its high quality and distinctive flavor profile.

Flavored tea bags are a convenient and easy way to enjoy the taste and aroma of Ceylon tea with added flavorings. These tea bags are typically made with a blend of high-quality Ceylon tea leaves and nature identical flavorings and are enhanced with the addition of elements such as dehydrated fruit pieces, spices, and herbs.

One of the benefits of using tea bags is the ease of preparation. Simply place the tea bag in a cup of hot water and let it steep for a few minutes, then remove the tea bag and enjoy your flavorful cup of tea. Flavored tea bags offer a convenient option for those who want to enjoy the taste and health benefits of tea without the fuss of loose tea leaves.

TEA INFUSIONS

Herbal tea is a type of tea made from the infusion or decoction of herbs, spices, fruits, and other plant materials in hot water. Unlike true teas such as black, green, and white teas, which are made from the leaves of the *Camellia sinensis* plant, herbal teas are typically caffeine-free and offer a wide range of health benefits. There are many different types of herbal teas, each with their own unique flavor, aroma, and health benefits. Some of the most popular herbal tea varieties include`

Overall, herbal tea offers a wide range of flavors and health benefits, making it a popular choice for tea lovers around the world.

TEA WITH NATURAL PIECES

Ceylon tea with natural pieces is a type of tea that combines the unique flavor of Ceylon tea with natural pieces of fruits, flowers, or herbs. Ceylon tea, also known as Sri Lankan tea, is a type of black tea that is grown and produced in Sri Lanka and is known for its full-bodied and robust flavor.

Ceylon tea with natural pieces adds an extra dimension of flavor and aroma to traditional Ceylon tea. The natural pieces used in this tea can include fruits such as berries, citrus, or tropical fruits, as well as flowers and herbs such as jasmine, lavender, or mint.

One of the benefits of using natural pieces in Ceylon tea is the added health benefits that come from the natural ingredients. For example, adding pieces of fruit can provide additional vitamins and antioxidants, while adding herbs and flowers can provide additional health benefits such as reducing inflammation, promoting relaxation, or aiding digestion.

Ceylon tea with natural pieces is also a popular choice among tea lovers who prefer a sweeter and more flavorful tea without the need for added sugars or sweeteners.

ORGANIC TEA AND BIO DEGRADABLE MATERIALS

Organic and sustainable tea ranges are becoming increasingly popular due to its health benefits and ethical considerations. Organic tea refers to tea that has been grown without the use of synthetic pesticides, fertilizers, and other chemicals. On the other hand, sustainable tea refers to tea that has been produced in an environmentally friendly way, with a focus on social responsibility and economic viability.

The benefits of organic and sustainable tea range from better health to a cleaner environment. Organic tea is free from harmful chemicals that can have negative effects on our health. Sustainable tea farming practices help to preserve the environment, promote biodiversity, and protect wildlife.

Organic and sustainable tea can be found in a variety of types and flavors, including black tea, green tea, herbal tea, and white tea.

When choosing an organic and sustainable tea range, it is important to look for certifications such as USDA Organic and Rainforest Alliance Certified. These certifications ensure that the tea has been produced in an environmentally and socially responsible way.

BLACK TEA & GREEN TEA

Metal caddies are a popular choice for tea enthusiasts to store their tea in a practical and stylish way. They protect tea from environmental factors, preserving its freshness and flavor, especially important for high-quality teas. Metal caddies add elegance and sophistication to the tea storage experience with their beautiful designs and various colors. They are durable, cost-effective, and environmentally friendly compared to plastic containers, making them an excellent choice for tea storage. Overall, tea in metal caddies is a practical and stylish option for tea enthusiasts who want to maintain the flavor and freshness of their tea collection.

A close-up photograph of a cup of tea. The cup is ornate with a floral pattern in blue and gold. Steam is rising from the cup, creating a soft, ethereal effect. The background is a blurred blue and white with bokeh lights, suggesting a window or a decorative setting.

Impra Instant Range

BLACK TEA & GREEN TEA

Instant tea is a popular alternative to traditional tea that provides a quick and easy way to enjoy a cup of tea. Instant tea is made by brewing tea leaves and then removing the water, leaving behind a concentrated form of tea that can be reconstituted with hot water.

One of the main advantages of instant tea is its convenience. It can be prepared quickly and easily, making it a popular choice for busy individuals who don't have the time to brew traditional tea. Instant tea also tends to have a longer shelf life than traditional tea, making it a good option for those who don't drink tea regularly.
